Art Image Council

Regn No.: S-E/1570/Distt. South East/2019
www.imageindia.org

We at Art Image Council would support all new and fresh Art talents by providing them platform to display their work at an affordable or free of charge and give them recognition from their work.

Objects

- We are non-profit organisation and have been extending support to emerging artists free of cost for the last 5 years
- The young artists and new artists have to struggle to even express their art. They do not get any kind of support of displaying their works as the exhibitions and galleries are very expensive proposition. Not only that, even if they participate in exposing their talent, the value they get is very meagre.
- We at Art Image Council have endeavour to support all new and fresh talent by providing them a platform to rise faster by extending various support and services.
- We have approached Ministry of Culture, Government of India to provide support so that we are able to promote the talent even from remote rural areas where there is abundance of unexplored talent.
- Art Image Council will approach all new and emerging artists to enrol as member of this society and get all benefits of support to upgrade their skills.
- For the last 5 years, We have been supporting hundreds of artists to take advantage of our service free of cost.
- Now , We shall charge a nominal fees of ₹ 100/- for registration.
- A global art exchange program will be prepared for exchange of artists and art work across the globe and hold exhibition around the world.
- There will be special emphasis is promoting new and upcoming artists.
- The arts and crafts will be promoted at the grassroots level.
- There will be high focus on bringing up hidden talent from rural artists by holding special exhibition in state district headquarters, besides bringing them to an annual feature in a large metro.
- To encourage new talent, and make artwork more in demands in domestic sector, we will make a series of affordable exhibitions in various cities.
- It will be our endeavour to generate employment for artists through employment exchange programs.
- It is proposed that the government should allow the small artists to display and sell their work from their homes.

The Art Image Council is a not- for- profit organization and therefore till now no charges were levied for 5 years.

Our immediate available services are:

- Registration to the council as a permanent member.
- Display of painting on our website www.imageindia.org
- Join WhatsApp group at: Art Group. Art Image Council at 9810344739- Communication with other artists in the group and posting of your current work- free discussion forum (Free of cost)

GOVERNMENT SUPPORT

We have already sought the support from government for the following assistance and regulation

- Since galleries are expensive and exhibitions are beyond affordability, government should allow all artists to work from home and display and sell from home. This should be done on all India basis. Allow homes as small galleries.
- Art and crafts should be considered as an Industry and all special benefits should be provided that are being extended to all other industries and start-ups.
- The GST on sale of art work should be exempted for up to Rs. 10,000 per item.
- All State governments should support the cause of Art development in India, by organizing exhibitions for local arts and crafts. Annual functions can be organized as Arts festivals to encourage the small artists. Grant of funds can be provided to poor village artists to be able to commercialise their works.
- We have approached Ministry of Culture, Government of India to provide support so that we are able to promote the talent even from small areas where there is abundance of talent lying unexplored.

Future activities will be:

- Magazine
- Annual Competition of Award for the best works in various categories groups.
- Group Exhibition in galleries and street shows in various cities.
